

## Synopsis

### **Design and Construction of Two Production Water Wells and Delivery System to Existing Water Storage Tanks Supporting an ANA Kabul Military Training Center (KMTC) at Kabul, Afghanistan 26 February 2009**

The U.S. Army Corps of Engineers, Afghanistan District intends to issue a Request for Proposal (RFP) to award a Firm-Fixed Price contract for the design/construction of two (2) production water wells and delivery system to existing water tanks in support of the Afghan National Army (ANA) Garrison at [Kabul Military Training Center \(KMTC\)](#), Afghanistan.

The project base bid consists of design and construction of two production water wells, submersible well pumps, pump houses, water distribution mains, electrical power generation systems, access roadways and related support facilities for Kabul Military Training Center (KMTC), Kabul, Afghanistan. The proposed water well system shall be designed and constructed to discharge water into existing water storage tanks on the KMTC compound. Project optional bid items consist of the survey, pump testing and water quality analyses of two existing production wells on the KMTC compound (location to be provided by the COR).

The proposed well site is located on the Russian Old Compound near KMTC. Contractor shall use Government furnished test well data and existing test wells as a guide for construction of new production wells. Location and construction details for the test wells are provided in the Attachments. The Contractor shall be required to complete design and construction documents and construct the proposed facilities. The project is defined as the design, material, labor, and equipment to construct water production wells, well houses, water distribution lines, electrical power generation systems, parking, access roads, security fencing, utilities and other infrastructure.

The award for this procurement will be made in accordance with the applicable Federal Acquisition Regulations. The applicable NAICS code is [221310](#). The magnitude of this requirement is between [\\$1,000,000.00](#) and [\\$5,000,000.00](#).

The point of contact for this procurement is Mr. Marston Y. Guese, Contracting Specialist, U.S. Army Corps of Engineers, Afghanistan District, CEAED-CT, Kabul, Afghanistan, APO AE 09356, Phone 540-665-3467 or via email at [marston.y.guese@usace.army.mil](mailto:marston.y.guese@usace.army.mil). The media selection for this issuance of the solicitation and amendments shall solely be at the discretion of the Government. Accordingly, the media utilized for this project is the Internet. No paper copies will be made available. Interested parties may download and print the solicitation, at no charge at [www.aed.usace.army.mil](http://www.aed.usace.army.mil).

Requirements: DFAR 252.204-7004 Required Central Contract Registration (CCR) applies to this procurement. Prospective contractors must be registered in the Department of Defense CCR database prior to award. Information on CCR registration and annual confirmation requirements may be obtained by calling 1-888-227-2423 or via the internet at <http://www.ccr.gov>.
