## SECTION SF 30 BLOCK 14 CONTINUATION PAGE: SUMMARY OF CHANGES

**16. Question:** In reviewing the Scope of Work and Technical Specifications, we found two items confusing, the Communication System and Illumination System. These items are referenced in the Technical Specifications, but not in the Scope of Work. Are these two items required for the entire compound and should be priced, or are they not required?

**Answer:** The scope of this project is defined in Section 01010 SCOPE OF WORK. Section 01015 TECHNICAL REQUIREMENTS dictates the technical requirements for scope identified in Section 01010 SCOPE OF WORK.

**17. Question:** Who is responsible for paying the remaining liabilities from the previous contract? Should the proposal include this liability on the Price Proposal Schedule Section 00100 in item ALL OTHER WORK?

**Answer:** Offeror is not responsible for liabilities of the previous contract.

**18. Question:** The perimeter walls are in very bad condition and very short which allows access to the compound. Do you want the perimeter walls demolished and reconstructed to the height of 2.4 meters according to the scope of work and drawing?

**Answer:** No new wall is included in the scope. The requirement is to raise portions of the existing wall.

**19. Question:** The site grading of the compound is in very bad shape and needs lots of soil back filling. Please advise?

**Answer:** This is a site adapt construction contract. It is the responsibility of the contractor to make the final site work meet the requirements.

**20. Question:** The access road to the District HQ compound is in bad condition. Is the reconstruction of the access road included in the solicitation?

**Answer:** The access road IS NOT included in this scope of work.

**21. Question:** The District HQ building is constructed with very low quality and low standard and in some places needs to be demolished. Should we consider those costs in our price schedule?

**Answer:** Refer to Appendix A-1, generally, for instructions regarding demolition.

**22. Question:** Is a site assessment available?

**Answer:** None is provided.
