SECTION 00113
PROCEDURES FOR SUBMITTAL OF OFFERS AND PROPOSAL EVALUATION CRITERIA

1.0 GENERAL

1.1 BASIS AND INTENT

The intent of this Request for Proposal (SOLICITATION) is to select one Contractor for the engineering services and construction of the ANCOP Patrol Bn @ Panjwayi located at Kandahar Province, Afghanistan.

The basis of award is lowest Price Technically Acceptable (LPTA). The Contracting Officer shall award a contract on the basis of the lowest evaluated price of proposals meeting or exceeding the acceptable technical requirements.

2.0 STANDARDS FOR NON-COST FACTORS. SUBMITTALS

2.1 SUBMISSION REQUIREMENTS

2.2 GENERAL

Offerors submitting proposals for this project should limit submissions to data essential for evaluation of proposals so that a minimum of time and monies will have been expended in preparing information required herein. However, in order to be effectively and equitably evaluated, the proposals must include information sufficiently detailed to clearly describe the offeror's capabilities to successfully complete the project. Proposals should follow in the order of sequence set forth in the SOLICITATION. Information provided out of sequence may not be evaluated and may result in the offeror's disqualification from award. Requirements stated in this SOLICITATION are minimums.

Electronic (as email) inquiries to this solicitation must be received by this office not later than fifteen (15) calendar days prior to the due date of proposals. Questions received less than five days prior to the due date of proposals will not be entertained.

Proposals may be withdrawn by written or electronic (as email) notice at any time before award.

2.3 SUBMISSION ADDRESS

Electronic (softcopy) proposals (submitted as attachments to emails) are can be submitted to the following email address: john.m.perez@usace.army.mil and tas.contracting@usace.army.mil

Each offeror that plans to submit a hand-carried proposal must contact the appropriate Government point of contact (see Block #10 of the SF 1442) via email no later than one day prior to the proposal due date in order to coordinate delivery.

All offers must be received by the closing date and time identified in Block #13 of the SF1442 (unless amended) in order to be considered for award.

2.4 SUBMITTAL FORMAT

2.4.1 ELECTRONIC FORMAT

Offerors are required to submit a proposal made up of the following two sections: Technical Proposal and a Price Proposal. All proposal materials shall be submitted with a table of contents. The sections should parallel the submission requirements identified in the below paragraphs.

Each page of the Technical Section shall be numbered sequentially.

Each proposal section shall not exceed 50 pages using a minimum font size of 11 and a minimum margin size of one half inch on all sides. Format restrictions and page limitations will be strictly adhered to and enforced. Information submitted which exceeds the specified limit will not be evaluated.

2.5 SITE VISIT

There will be no formal site visit for this project. See site assessment report (Appendix C) for site information. Offerors are welcome to visit the site at their own risk.

3.0 PROPOSAL EVALUATION PROCESS

A Source Selection Evaluation Board (SSEB) comprised of representatives of the Corps of Engineers, and other required personnel, will evaluate the proposals. Offerors are advised that the technical evaluation and rating of proposals will be conducted in strict confidence in that technical/quality proposals are reviewed and rated without knowledge of the price offered. The number and identities of offerors are not revealed to anyone who is not involved in the evaluation and award process or to other offerors. Proposals will be evaluated based on the factors described herein, and the basis of award is Lowest Price Technically Acceptable.

The evaluation process essentially consists of three parts: proposal compliance review and responsibility determination, technical/quality evaluation, and price evaluation.

3.1 PROPOSAL COMPLIANCE REVIEW

This is an initial review to ensure that all required forms and certifications are complete and that both a technical and price proposal were received.

3.2 TECHNICAL/QUALITY EVALUATION

The SSEB will evaluate and rate those proposals passing the first review, above. Proposals will be evaluated against the SOLICITATION requirements. Factors will be rated either 'Go' or 'No-Go'. If a proposal is determined a 'No-Go', further evaluation by the SSEB is not warranted.

3.3 PRICE EVALUATION

The SSEB can evaluate price proposals independent of the technical/quality evaluation. The SSEB will not have access to price information until completion of the technical/quality evaluation.

4.0 PROPOSAL INFORMATION AND RELATED EVALUATION FACTORS

Proposals will be evaluated (in English) in accordance with the evaluation factors. Offerors are reminded to include their best technical and price terms in their initial offer and not to automatically assume that they will have an opportunity to participate in discussions or be asked to submit a revised offer. The Government may make award of a conforming proposal without discussions, if deemed to be within the best interests of the Government.

If the submitted proposal does not include an awarded project in the amount of **\$10,000,000.00 (USD) or above, as the prime contractor, the Offeror's proposal will receive a "NO GO" evaluation.**
- c. All other projects provided shall demonstrate experience awarded at value (at time of award, including options) **over \$3,000,000.00 (USD), as a prime contractor.**
- d. Each project used to demonstrate experience must be at least 75% complete or have been completed within the last 5 years from the date of this solicitation.

 5. Water well construction.
- f. One project can be used to satisfy multiple features or activities. Each offeror is required to submit at least three (3) but not more than five (5) 'Prime Contractor Experience' forms. Regardless of the number of forms submitted (not to exceed 5), the offeror must demonstrate all of the above features/activities (items a through g).
- g. Individual task order of a Multiple Award Task Order Contract (MATOC) may be submitted as a single project to demonstrate experience as defined in Section 4.1.1.1 a. thru e. Combining contract values of individual task orders of a MATOC is not allowed to meet criteria 4.1.1.1b and 4.1.1.1.c.

NOTE: The Prime Contractor is defined as the contractor identified in Block 14 of the Standard Form 1442. If more than one contractor is listed in Block 14, then a signed joint venture must be submitted with the proposal. For United States contractors, the joint venture shall be registered in the Central Contractor Registration (CCR).

4.1.1.2 EVALUATION CRITERIA

The SSEB will evaluate experience submitted per Section 4.1.1.1. Offerors must meet all of the experience requirements identified in Section 4.1.1.1 to receive a 'Go' rating.

Proposals that do not include substantial evidence that the offeror has experience, qualifications and production capability to successfully construct the proposed project will be considered to NOT meet the minimum requirements of the SOLICITATION and will be rated a 'No-Go'. Substantial evidence is defined as documenting experience in Section 4.1.1.1.

All blocks of the 'Prime Contractor Experience' forms (attached at the end of this section) that are submitted must be completed, and all data must be accurate, current, and verifiable. Failure to provide a current and accurate point of contact on the 'Prime Contractor Experience' form will render the form and the project as unacceptable.

The Government reserves the right to contact the references listed on the submitted forms in order to verify the information submitted.

4.1.2.1 SUBMISSION REQUIREMENTS

Provide resumes for the following key personnel:

Resumes must include the information on 'Personnel Resume/Experience' form attached at the end of this section. All information must be filled in and all data should be accurate, current, and complete.

NOTE: Identified personnel must be used on the project. Any substitution of identified persons will not be permitted without prior approval of the Contracting Officer. Identification of two individuals proposed for a single position will result in the evaluation of only the least qualified person. A single individual cannot be identified as 'key personnel' for more than one 'key personnel' position.

4.1.2.2 EVALUATION CRITERIA

The SSEB will evaluate the resumes of the key personnel for compliance with requirements per Section 4.1.2.1. Offerors must meet all of the key personnel requirements identified in Section 4.1.2.1 to receive a 'Go' rating.

Proposals that fail to include substantial evidence that the offeror can provide key personnel with the qualifications and relevant experience as specified in Section 4.1.2.1 will be considered to NOT meet the minimum requirements of the SOLICITATION and will receive 'No-Go' rating for this Factor.

4.1.3 Factor 3 – Past Performance

4.1.3.1 Submission Requirements

The offeror shall provide past performance information in one of two formats for each project provided under 4.1.1 Factor 1 - Experience.

(1) Copies of Contractor Performance Assessment Reports (CPARs – also commonly referred to as CCASS reports) for projects performed for the U.S. Government. If the project provided has a CPAR, it must be used by the offeror to demonstrate past performance. If CPAR submission is used to validate past performance, it will be the most recent evaluation in the system (i.e. for projects submitted as completed, the final 100% completed CPAR will be provided). If the offeror submits a CPAR, they are not required to submit a separate Past Performance Questionnaire for the specific project.

(2) If CPAR information is not available for a project provided for experience, a completed Past Performance Questionnaire (PPQ), attached at the end of this section (Form A-3) must be provided per the following guidance.

- a. The PPQ with Part I completed by the offeror will be included in the offeror's proposal.
- b. For each PPQ included in the offeror's proposal, the offeror will identify the point of contact (respondent) performing the evaluation in part II. This identification will consist of the name, organization (company), phone number, and email address of the respondent.
- c. The respondent must be familiar with the project, but not affiliated with the offeror.
- d. The respondent must be able to provide an independent evaluation of the offeror's performance on the referenced project.
- e. The completed PPQ must be returned to the Government directly by the respondent to the email address identified in Part III of the PPQ. Completed PPQs submitted directly by the offeror or included in the offeror's proposal will not be evaluated.

It is the offeror's responsibility to ensure the Government will be able to contact the POCs using the contact information provided. Offerors are encouraged to send their request to the POC as soon as possible once a project is identified for experience under Factor 1.

NOTE: The fill-able PPQ is attached at the end of Section 00113; it is also displayed in Appendix D so the offeror may easily download and send

4.1.3.2 Evaluation Criteria

The Source Selection Evaluation Board (SSEB) will evaluate past performance information received as follows:

If CPAR is used, the overall rating of each assessment report provided is either satisfactory, above average, or outstanding to receive a "Go" rating. Additionally, if the PPQ is used, Item F (Overall Satisfaction) of each PPQ submitted has a rating of satisfactory or extremely satisfactory to receive a "Go" rating.

If CPAR is used, the overall rating of any assessment report provided is either marginal or unsatisfactory, the offeror will receive a "No Go" rating for this Factor. If the CPAR is used, the Government reserves the right to check the Past Performance Information Retrieval System (PIIRS) to verify the accuracy of the CPAR submitted. CPARs submitted by the offeror which do not match those in the system, or for which there is a more current CPAR available, may cause the offeror to receive a "NO-GO" for this factor. Furthermore, if the PPQ is used and Item F (Overall Satisfaction) of any PPQ submitted has a rating of unsatisfactory, the offeror will receive a "No Go" rating for Factor 3. **If a project referenced "Past Performance Questionnaire" is not accompanied by two (2) current and verifiable Project Reference POC, the minimum requirement of this criterion will not have met and will be rated a 'No-Go'.**

The Government reserves the right to use past performance information obtained from sources other than those identified by the offeror.

The Government may not obtain information from any or all of the listed contract references and/or may not contact all of the identified POCs
