

Synopsis

AFGHANISTAN ENGINEER DISTRICT SOUTH (AES) Firm Fixed Price Contract for an electrical system for the Afghanistan National Training Center in Adraskan, Afghanistan

W5J9LE-11-R-0069

15 JUN 2011

The project consists of the design and installation of an electrical system for the Afghanistan National Training Center in Adraskan, Afghanistan. The project is defined as the replacing of existing electrical distribution panelboards with approved electrical panelboards including main distribution panels; plus 20% spare for future loads. Also, for the South side, include conduit, branch circuit panel boards. Include all other items required for the installation of the system.

Included in the project is the replacement of two 600 kVA existing generators at the North power plant and two 545 kVA existing generators at the South power plant for a total of four (4) existing generators. Contractor is responsible for supplying temporary power to clinic, TOC, Security & Communication and DFAC buildings while replacing the panelboards for these buildings. Work within this contract shall meet and be constructed in accordance with current U.S. design and International Building Codes (IBC), Life Safety Codes (NFPA-101), Force Protection and security standards. Award of a contract will be made to the responsible offeror who submits the lowest priced, technically acceptable proposal that is both realistically and reasonably priced for the work to be performed. Offers will be evaluated in accordance with the evaluation criteria stipulated in the solicitation. An offeror may not receive award, even if it has the lowest-priced, technically acceptable proposal, if its price proposal fails to demonstrate that it understands the scope of work required by the solicitation. The applicable NAICS code is 238210 (\$14M small business size standard). The resulting contract is for 180 calendar days. The project is estimated at between \$500,000 and \$1,000,000.

The point-of-contact for this procurement is Bernard Mora, Contracting Specialist, USACE-AES, Kandahar, APO AE 09355. You may reach Mr. Mora at 540-665-5387 or via email at TAS.Contracting@usace.army.mil with a courtesy copy to bernard.v.mora@usace.army.mil.

Requirements: DFAR 252.204-7004 Required Central Contract Registration (CCR) applies to this procurement. U.S. prospective contractors must be registered in the CCR database prior to award. Information on CCR registration and annual confirmation requirements may be obtained by calling 1-888-227-2423 or via the internet at <http://www.ccr.gov>.
