

Sources Sought – Request for Information – Construction project at Camp Shorabak, Helmand

Notice Type: Sources Sought

Sources Sought Announcement:

Construction project of Spill Containment, Fuel Pump, & Fuel Strainer Addition Camp Shorabak

Province: Helmand

This announcement is a Request for Information (RFI) only. The United States Army Corps of Engineers, Transatlantic South, Kandahar Air Field Afghanistan (USACE-TAS), is seeking preliminary marketing information from capable and reliable sources. The proposed requirement consists of the installation, design, and construction of a new spill containment vehicle pad at bulk fuel transfer/ unloading points. The scope also includes the design and installation of modifications to the diesel fuel and mogas (gasoline) fuel systems (fuel fill stands, fuel pumps, fuel strainers, and fuel piping) in order to individually transfer diesel fuel and gasoline from bulk transportation vehicles to mass storage location. The project site is inside the 7th Kandak compound at Camp Shorabak Helmand, Afghanistan.

Interested Contractors shall consider the following requirements:

- A. Site Location: Camp Shorabak, Helmand Province
- B. The magnitude of construction is between \$100,000 and \$250,000.

U.S. Army Corps of Engineers, Transatlantic District-South (TAS), Contracting Office is currently seeking information to establish a list of qualified companies who may be interested in submitting a proposal to construct these types of facilities in this area.

The contractor must be able to demonstrate that their company has the capability to successfully execute this project. The firm should provide the following information in their presentation:

- 1) Company Name, company mail address, point of contact, telephone number, e-mail address, Cage code, and size of your organization (i.e. Large Business/ Small Business) using as a basis for your response.
- 2) Information indicating the type of similar project your firm has successfully completed as a prime contractor. This project should include experience with installing complete and code-compliant fueling systems and cast in place concrete. The Government is looking for Prime Contractor experience only
- 3) Identify any contracts previously awarded to you by the U.S. Army Corps of Engineers. Provide the contract number in your response.
- 4) Provide a statement of your firm's ability to execute projects in subject location and ability to secure bonding.

- 5) Capabilities statement showing the maximum construction capacity your firm can adequately perform. The contractor should be familiar with this type of work and should have done it before.
- 6) Is your company a foreign-owned, foreign-controlled firm?
- 7) Number of personnel employed by your firm
- 8) Provide a copy of your firm's AISA license.
- 9) If Joint Contingency Contracting System (JCCS) registered, provide your Company ID

RESPONSE REQUIREMENTS:

All interested forms should send their presentation via e-mail to Nicholas Emanuel at Nicholas.P.Emanuel@usace.army.mil with a courtesy copy to TAS.contracting@usace.army.mil. Presentations do not need to be in color and should be no more than twenty (20) pages in length. No hard copy or facsimile submissions will be accepted. Respondents should include the sources sought number (W5J9LE-12-SS-0009) in the subject line of the email.

This sources sought announcement is a market research tool only, and IS NOT A REQUEST FOR PROPOSAL (RFP), nor does it restrict the Government as to the ultimate acquisition approach. No Solicitation exists; therefore, do not request a copy of a solicitation. The Government will not reimburse respondents for any costs incurred in preparation of a response to this notice.
