Question: At the RFP several points mentions that this project is approximately 18 KM but the data in the CD you provide at the pre-proposal conference states 15 KM Please tell us about

Question: the Project is already designed and calculated for the 15 Km and denots that 99% of the design is submitted to Army Core, shall we exclude the 15 Km road design in our design cost estimation or we have to estimate the complete 18 Km road design for mentioned Project.

Answer: There is an error in the assessment, the road should be 18K, not 15K. All estimates should be based on 18 KM.

NOTE: When returning your proposals please be sure to acknowledge all amendments on the second page of the SF1442 and attach the copies. Also return section 00600 filled out to the best of your ability, both acknowledgement of amendments and the section 00600 should be place in Volumn 11 Cost/Price proposal.
