Description

SYNOPSIS

Khenz District to Barak Village, Panjshir Province

The U.S. Army corps of Engineers, Afghanistan Engineer District intends to issue a Request for Proposal (RFP) to award a Firm Fixed Price contract to Design and construct approximately 18 km of 7m wide asphalt paved road and 1.5m of gravel shoulder on each side of the road from Khenz District (35.4319 N, 69.7401 E) to Barak Village (35.3626 N, 69.6061 E) in the Panjshir Province of Afghanistan. The final improved state for the road shall consist of a two lane asphalt paved road 7 meters wide with 1.5 meter wide gravel shoulders on both sides of the road. Good drainage and erosion protection shall be constructed along the entire alignment as needed. Bridges, culverts, gabion crossings, concrete wadi crossings and other related drainage structures shall be constructed as required over rivers and wadis that contain water and deep drainages that fill with water during rainy season. Erosion control structures shall be constructed in flood areas to

prevent road blockage and wash-out. Mountainous sections of road have steeper and longer grades and may require significant drainage and slope protection and blasting work. Contractor is responsible to verify site conditions. The award for this procurement will be made in accordance with the applicable Federal Acquisition Regulations. The applicable NAICS code is 237310. The contractor shall furnish his own labor, materials and equipment to accomplish the requirements. The estimated value of the contract is between \$5,000,000.00 and \$10,000,000.00. The total schedule for completing the entire work is 365 calendar days after receipt of notice to proceed. The proposed contract will be awarded using best value. Solicitation Number W917PM-08-R-0022 will be available on or about 25 November 2007.
