**SUMMARY OF CHANGES**

SECTION 00800 - SPECIAL CONTRACT REQUIREMENTS

The following have been added by full text:

Q & A RFI#4 5 JUN 08

**Request for Clarifications Regarding  
Solicitation W917PM-08-R-0043  
2/209<sup>th</sup> HQ Facilities, ANA Kunduz Phase II, Afghanistan  
RFI # 4 5 June 2008**

**Q1. Bid Item Site Survey and Master Plan.** It is not clear what the Master Plan “scope” is for this Phase II bid item. Since we are required to survey the site, and update the master plan and integrate efforts with the phase I contractor, can you please clarify.

**A1.** Section 01010 Scope of Work, paragraph 4.1 defines the requirement for this effort. The Phase II construction may create deviations to the existing master plan, and the master plan may “require minor site master planning to include infrastructure” to update phase II changes.

**Q2. Bid Item Line 0016 Paving of Access Road.** The MP shows base road awarded. We assume the Phase I contractor is developing/using the gravel road. We will plan on asphalt paving per specifications. Will the gravel road be shaped and prepared by the Phase I contractor and ready to pave by the Phase II contractor?

**A2.** Bid item line 0016 Paving of Access Road. This line item calls for the paving of a gravel access road.

**Q3. Review of MP drawing and legend to bid schedule and appended drawings and scope narratives.**

- a. Line item 000507 Fire Station Facility - Bldg 1021 on the Master Plan. Legend depicts 131SM, Appendix drawing and scope narrative shows 520SM. Please clarify the size of the Fire Station.

**A3.a** Section 01010 Scope of Work is correct. The Fire Station facility should be 520SM. The Appendix X FIRE STATION Plan Drawing (also shown as Appendix V on the FIRE STATION Floor Plan) is deleted by this amendment and replaced by the attached Appendix X FIRE STATION Plan Drawing.

- b. Line item 000304 Battalion Storage Bldg. MP legend depicts 992SM, Appended drawing shows 800SM. Please clarify

**A3.b** The Appendix Drawing is correct. The facility is 800SM.

- c. Line item 000508 BHC/GHC Arms Storage Bldg 410. MP drawing legend shows 70 SM, appended drawing show 700SM, and SOW paragraph 4.27 item F

specifies construct each at 350SM. Are there two arms rooms in one building with a total building area of 700SM? If not please clarify.

A3.c Section 01010 Scope of Work, paragraph 4.27 accurately defines the requirement for this effort. The requirement is for two 350SM contiguous Arms Storage buildings for the BHC/GHC.

**NOTE:**
