## SECTION SF 30 BLOCK 14 CONTINUATION PAGE

**SUMMARY OF CHANGES**

The following have been added by full text:

QUESTIONS & ANSWERS RFI # I

**Questions & Answers  
RFI # 1  
MeS TMC Solicitation  
W917PM-09-R-0010**

Q.1. Clarify fire sprinkler requirement on pg 52 and 211 of the solicitation.

A.1. Fire sprinklers are not required for the purpose of this solicitation (section 01010, paragraph 4.13). References to fire sprinklers in section 01015 are preceded by the phrase “such as” to denote examples when commissioning or warranty certificates are required for completion of the contract.

Q.2. Should the ceiling be painted or is it a suspended ceiling?

A.2. Please review section 01015 and the UFC 4-510-01 for all information regarding ceiling material requirements.

Q.3. It is stated that in the above mentioned project (TMC), there are no dimensions given nor is Covered area specified, due to which we are facing some difficulties in costing of the proposed project (TMC). Therefore it is requested to please give us Covered area and B.O.Q(s) of the TMC.

A.3. As this is a design-build contract, it is the Contractor’s responsibility to fully design the Troop Medical Clinic facility, including determination of the facility’s final dimensions and overall area on the site. Table 1 of section 01010 lists the minimum areas for each room required in the building. The approximate dimension of the CONCEPTUAL design included in the solicitation is 135 m x 72 m. The attached drawing labeled “Conceptual Site Plan, Sheet A-2” illustrates the location of the TMC site, as well as the power plant and waste water treatment plant, as positioned within the ANA base.

Q.4. Revise Bid Schedule to remove the Hospital Addition line item.

A.4. Bid schedule has been revised.

Q.5. Will existing utility drawings be provided?

A.5. Existing utility drawings will be given to the winning bidder after award of contract. For the purpose of bid preparation, the contractor shall include the cost of increased power capacity as an option item (see Line Item 0006 of Section 00010) in the cost proposal. Additionally, drawing sheet A-2 (included in this amendment) provides information regarding location of the TMC site in comparison to the WWTP and Power Plant.

#### SECTION 00010 - SOLICITATION CONTRACT FORM

The following have been added by full text:

#### SECTION 00010 REVISED I

#### **SECTION 00010**

#### **PROPOSAL SCHEDULE**

The Contractor shall provide a price for all items, including those labeled, "Optional Items." The Government will evaluate the Contractor's entire proposal to determine which proposal represents the best value to the Government.

#### PROPOSAL SCHEDULE NOTES

1. Offeror shall submit prices on all items.
2. Only one contract for the entire schedule will be awarded under this solicitation. This project will be awarded as a lump sum contract. This Proposal Schedule is an accounting tool for allocating funds to applicable budget.
3. Costs associated with this project shall include design and construction costs, site development, and utility installation.
4. **DESIGN COSTS DEFINITION:** Design costs shall consist of preparation of master planning and site designs, plans, design analysis, drawings, and specifications.
5. **NON-DESIGN COSTS DEFINITION:** Non-design costs shall include the following: initial site visits; field, topographic, property, boundary, utility, and right-of-way surveys; subsurface explorations and borings; feasibility, functional, and economic studies and other investigations; preparation or verification of as-built drawings; preparation of general and development criteria; preparation of general and feature design memoranda; services of consultants where not specifically applied to the preparation of working drawings or specifications; construction phase services; models, renderings, or photographs of completed designs; reproduction of designs for review purposes; and travel and per diem allowances in connection with the above excludable services.
6. **COST LIMITATION:** The established design cost limitation for all Design Costs, as defined in paragraph 4, shall not exceed 6 percent of the total construction cost.
7. **SEPARATION OF WORK:** All work for Design and Construction shall be included in all Proposal Items.
8. **EVALUATION OF OPTIONS:** The award will be made to the offeror whose proposal represents the lowest price to the Government. For pricing purposes the Government will evaluate both the Base Proposals and Option Proposals. The Government is not obligated to exercise the options.
9. **EXERCISE OF OPTIONAL BID ITEMS:** Optional bid items (if any) may, at the option of the Government, be added to the contract at any time within 180 calendar days after award of Base Proposal.
10. **ORDER of WORK:** The following order of work shall apply before start of optional bid items: All

base bid contract line items have priority.

11. Period of performance is 365 calendar days from receipt of Notice to Proceed (NTP) for the base. Liquidated damages are assessed at \$1,976.00 per day for every day of delay past the period of performance of 365 days until contract completion for either the Base Items or the Optional Items whichever is applicable.
