

Pre-Solicitation Notice (Synopsis) ANP UP District 9 Headquarters, Kabul, Afghanistan

This project consists of the design and construction of Afghanistan National Police (ANP) Uniformed Police District Headquarters facilities to be located at District 9, Kabul, Afghanistan.

This project is defined as the management, planning, design; material, labor, and equipment, to site adapt and construct all utilities, vehicular access, buildings, force protection measures, site security, de-mining activities, and other features as referenced herein. The contractor shall site adapt and construct the Police Security Building in accordance with the scope of work, technical specifications, and drawings. The District Headquarters Building shall consist of a reinforced concrete frame, foundation, floor slab, and roof slab, with masonry infill walls. Truss supported metal roof shall be provided over concrete roof slab.

Drawings are provided as part of this solicitation for a complete and usable facility. The work within this contract shall meet and be constructed in accordance with current U.S. design and International Building Codes (IBC), Life Safety Codes (NFPA-101), Force Protection and security standards.

This procurement will be made in accordance with Federal Acquisition Regulation Part 15. It is the intention of the Government to award this contract without discussion to the firm that offers the lowest price and is evaluated as technically acceptable (LPTA Method). The Government reserves the right to conduct discussions if appropriate. The approximate magnitude of this project in terms of price is between \$1,000,000.00 and \$5,000,000.00 Dollars US.

The Government will not distribute paper copies of the Solicitation. Interested parties may download and print the solicitation, at no charge from the Afghanistan Engineer District (AED) website at: <http://www.aed.usace.army.mil/contracting.asp>. The Solicitation will detail the method of obtaining all drawings associated with this project.

A Solicitation will be posted approximately 10 May 2009 to the AED website: The Point of Contact for this procurement is Mr. Richard J. Pecoraro, Contract Specialist who may be reached by email at: richard.j.pecoraro@usace.army.mil
