PROPOSAL EVALUATION AND CONTRACT AWARD

5. TAB F: FACTOR 1; RELEVANT SPECIALIZED EXPERIENCE

EVALUATION CRITERIA:

The Government will evaluate the extent of recent, related experience of the prime contractor. The Government may place greater importance on projects performed as a prime contractor than as a subcontractor, depending upon overall role and relevancy of the project. Federal Government project experience will not be rated inherently more important than non-Federal Government project experience.

The Government will evaluate the involvement of the contractor's team, to include the sub-contractors, on projects similar to the project of this solicitation. All projects presented will be evaluated for relevancy. Projects that are the same or similar in the following: type of services, dollar value complexity, USACE design/construction requirements and applicable quality standards will receive a higher quality rating than a project that does not have these similarities.

An unsatisfactory rating will be received if an Offeror does not provide projects that meet the following criteria: one project over **\$30M**; all projects over \$5M; and all projects performed within US DOD's CENTCOM or AFRICOM areas of authority.

Incomplete projects will be reviewed for percent completion. If a project is not fully designed, and a least 50% of the construction completed, the Offeror will receive an unsatisfactory rating.

Joint Ventures will be evaluated on each firm's relevant experience to their role on projects submitted.

The Government reserves the right to verify the experience record of cited projects or other recent projects by reviewing the Corps of Engineers Construction Contractor (or Architect-Engineer) Appraisal Support System (CCASS/ACASS), other DOD or Government appraisal systems or by contacting owners or references. The Government may check any or all cited references to verify supplied information.

The relevant experience of key personnel proposed for this project will not be evaluated or considered under this factor.

If the Offeror cannot provide information concerning recent, relevant experience on similar projects or the Offeror has no relevant experience, a determination will be made as to the risk this lack of experience presents to the Government and the Offeror will be given an appropriate rating for this factor.

The past performance of individuals will not be credited under this factor.
