Ensure that the outside of each separate volume is clearly marked to indicate its contents; and the identity of the offeror. Additionally, clearly identify the "Sample Task Order original" cost/price proposal and the "Sample Task Order original" technical proposal on the outside cover.

(5) Do not include exceptions to the terms and conditions of the solicitation in either the technical or price proposal. Should the offer include any standard company terms and conditions that conflict with the terms and conditions of the solicitation, the offer may be determined "unacceptable" and thus ineligible for award. Should the offeror have any questions related to specific terms and conditions, these should be resolved prior to submission of the offer. The Offeror must clearly describe in the Proposal Cover Sheet submitted with the Price Proposal any exceptions to the contractual and/or technical terms and conditions of the solicitation contained in the Offer.

b. **DISCUSSIONS.** The Government **does not** intend to enter into discussions with offerors prior to determining those contractors within the competitive range, in accordance with FAR 52.215-1, Instructions to Offerors—Competitive Acquisitions, Alternate I.

c. **GENERAL INSTRUCTIONS.**

(1) Submit only the hard-copy paper documents and the electronic files specifically authorized and/or required elsewhere in this section. Do not submit excess information, to include audio-visual materials, electronic media, etc.

(2) Use only 8 ½ by 11 inch paper for hard copy submissions, unless another paper size is specifically authorized elsewhere in this section for a particular submission. Do not use fold-outs (e.g., 11" x 14" or 11" x 17" sheets) unless specifically authorized in this section for a particular submission. All page margins must be at least 1 inch wide, but may include headers and footers.

(3) "Confidential" projects cannot be submitted to demonstrate capability unless all of the information required for evaluation as specified herein can be provided to the Government as part of the Offeror's technical proposal. Offerors that include in their proposals information that they do not want disclosed to the public for any purpose, or used by the Government except for evaluation purposes, must be clearly marked in accordance with the instructions at FAR 52.215-1, "Instructions to Offerors— Competitive Acquisition", paragraph (e), "Restriction on disclosure and use of data".

(5) For submissions with page limitations, the pages will be counted as follows: One side of the paper is one page; information on both the back and front of one sheet of paper will be counted as two pages. Where authorized, fold-out pages (11" x 14" or 11" x 17") will count as one page. Pages furnished for organizational purposes only, such as a "Table of Contents" or divider tabs, are not included in the page limitation.

d. **SPECIFIC INSTRUCTIONS FOR THE TECHNICAL PROPOSAL**

(1) Technical Proposals. Submit the (1) ORIGINAL and (4) hard copies of Volume III.

(2) Format and Contents of the Technical Proposal and List of Tabs. The original and all copies of the technical proposal will be appropriately labeled as such. Each set shall be organized using the tabs specified in the following chart. Note: The main tabs directly correlate to the evaluation factors identified in Section 00120.

TAB	CONTENTS OF THE TECHNICAL PROPOSAL
Factor #1	MANAGEMENT AND SECURITY PLAN
Factor #2	PERSONNEL

Factor #3	RESOURCES

7. SAMPLE TASK ORDER EVALUATION PROCEDURES

This sample Task Order will be evaluated using the LPTA methodology per FAR 15.101-2. Proposals, which satisfy the technical requirements of the Sample Task Order RFP will be determined technically acceptable and given a "GO". Proposals that fail to satisfy the evaluation criteria will be given a "NO GO". Proposals that receive a "NO GO" for any factor will not be eligible for a MATOC award.

8. DETAILED SUBMISSION REQUIREMENTS FOR THE TECHNICAL PROPOSAL.

Tables of content, proposal cover letters, and tabs between proposal information do not count toward any page limitations in the proposal. The following is a detailed description of the information to be submitted under each TAB.

9. FACTOR 1 - SAMPLE TASK ORDER – MANAGEMENT AND SECURITY PLAN

SUBMISSION REQUIREMENTS: This information considers the Offeror's **site specific** project management and security plan for the type of facilities specified in the RFP. Limit the submission to 3 pages or less, clearly but concisely describe the management and security plan to execute this task order. At a minimum, the narrative should respond to the questions, or address the topics, outlined below:

How does the offeror plan to meet the construction project milestones in the specifications that reflects completion of all work within the period of contract performance?.

Provide a narrative response that addresses timely delivery and receipt of equipment/ materials at this job site which coincides with the construction project milestones.

How does the offeror plan to provide security for the transferring of construction materials to the site?

How does the offeror plan to provide security at the site?

In addition, the offeror shall include an organizational chart with accompanying clarifying descriptions and explanations that depicts and describes how the various management staff members (to include management staff members employed by subcontractors) assigned for the accomplishment of Task Orders will interact with one another as well as manage and coordinate the activities of the various subcontractors.

10. FACTOR 2 - SAMPLE TASK ORDER - PERSONNEL

SUBMISSION REQUIREMENTS: The Offeror must provide resume data for the following key personnel: Project Manager, Safety Officer, Security Officer, Quality Control Manager, Electrical Engineer, Mechanical Engineer, Civil Engineer, and Construction Superintendent.

Resume information to be provided shall be limited to no more than one page per person and shall include the following information as a minimum:

Name and title
Project assignment

Name of firm with which associated.

Years with this firm or other firm

Education, Type of degree(s), specialization, if applicable

Active professional registration, year first registered, if applicable

Other experience and qualifications relevant to similar work required under this contract

11. FACTOR 3 - SAMPLE TASK ORDER - RESOURCES

SUBMISSION REQUIREMENTS: The Offeror will submit a list of ALL current ongoing contracts or projects. The list shall include the contract number, contract amount, award date, original contract completion date, current official contract completion date, and the current progress.

The Offeror shall identify the key personnel assigned to each of those projects delineated for each of the current contracts or projects. Identify the personnel used on other contracts concurrently and list those projects.

The Offeror shall provide a narrative that satisfactorily explains how they are going to assume the responsibility for this additional contract or project as well as an explanation of the resources they will use on this contract without adversely affecting current contracts or projects. The Offerors narrative shall not exceed 3 pages.

12. PROPOSAL SUBMISSION REQUIREMENTS AND INSTRUCTIONS

a. REQUIREMENT FOR SEPARATE PRICE AND TECHNICAL PROPOSALS.

(1) Each Offeror must submit both a Price Proposal and a Technical Proposal

(2) No dollar amounts from the Price Proposal are to be included in the Technical Proposal.

(3) All information intended to be evaluated as part of the Technical Proposal must be submitted as part of the Technical Proposal. Do not cross-reference similar material in the Price Proposal, or vice versa. Also, do not include links to websites in lieu of incorporating information into your proposal.

(4) Do not include exceptions to the terms and conditions of the solicitation in either the technical or price proposal. Should the offer include any standard company terms and conditions that conflict with the terms and conditions of the solicitation, the offer may be determined "unacceptable" and thus ineligible for award. Should the offeror have any questions related to specific terms and conditions, these should be resolved prior to submission of the offer. The Offeror must clearly describe in the Proposal Cover Sheet submitted with the Price Proposal any exceptions to the contractual and/or technical terms and conditions of the solicitation contained in the Offer.

b. DISCUSSIONS. The Government **does not** intend to enter into discussions with offerors prior to determining those contractors within the competitive range, in accordance with FAR 52.215-1, Instructions to Offerors—Competitive Acquisitions, Alternate I.

c. For submissions with page limitations, the pages will be counted as follows: One side of the paper is one page; information on both the back and front of one sheet of paper will be counted as two pages. Where authorized, fold-out pages (11" x 14" or 11" x 17") will count as one page. Pages furnished for organizational purposes only, such as a "Table of Contents" or divider tabs, are not included in the page limitation.

d.. SPECIFIC INSTRUCTIONS FOR THE PRICE PROPOSAL

There are no page limits set for the price proposal. However, limit your response to information required by this solicitation. Excess information will not be considered in the Government's evaluation.

a. Price Proposal. The Price Proposal shall be appropriately labeled as such and shall be organized using the 00010, Schedule located in VOL I.

Any and all amendments must be acknowledged by all Offerors in accordance with the instructions on the Standard Form 30, Amendment of Solicitation.

13. SOURCE SELECTION USING THE LOWEST PRICE TECHNICALLY ACCEPTABLE . An evaluation will be performed on each proposal in accordance with FAR 15.101-2(b). To be considered technically acceptable, no technical factor in the proposal may be determined to be unacceptable. The failure of the proposal to meet any of the factors will result in a technically unacceptable rating for the Sample Task Order and preclude a MATOC award. See also Section 00120.

The following items are applicable to this modification:Q&A

1. USACE response in Amendment 0008 to question 12 addressing application of the page limit for the Sample Task Order schedule indicates there is a 10 page limit for the technical factor (factor 3). Please confirm the "technical factor" being discussed is the Tab H-Factor 3: Technical; Subfactor A: Technical Approach for which "Offerors are cautioned that the Technical Approach Narrative shall not exceed ten (10) pages and that Government evaluators will review and evaluate only the information contained on the first ten pages." AND NOT the Volume 3 Sample Task Order, which only has a 3 page limit. Your answer to this original question is confusing. Can you please review the original question and clarify your answer?

Answer: The page limit for MATOC TAB H: FACTOR 3; TECHNICAL, SUBFACTOR A is 10 pages and SUBFACTOR B is 8 pages as stated in MATOC Section 00110. This is repeated in MATOC Section 00120.

Task Order Section 00100, Paragraph 11. FACTOR 3 - SAMPLE TASK ORDER – RESOURCES, 3rd paragraph states "The Offeror shall provide a narrative that satisfactorily explains how they are going to assume the responsibility for this additional contract or project as well as an explanation of the resources they will use on this contract without adversely affecting current contracts or projects. The Offerors narrative shall not exceed 3 pages. This is repeated in Task Order Section 00120.

2. Is Certified Cost or Pricing Data (CCPD) required?

Certified Cost or Pricing Data (CCPD) is not required for either the North or South solicitation.

3. While finalizing the preparation of the proposal, we faced problem in preparing Volume III-TASK ORDER since it is shown in section 00110 of the Task Order:
"The Price Proposal and the Technical Proposal must be submitted as separate volumes. The Price Proposal is to be submitted in VOL I (of the overall MATOC proposal) and the Technical Proposal shall be submitted as VOL III. Ensure that the outside of each separate volume is clearly marked to indicate its contents; and the identity of the offeror. Additionally, clearly identify the "Sample Task Order original" cost/price proposal and the "Sample Task Order original" technical proposal on the outside cover"

There is confusion here in three points:

- Above section is referring to put the price proposal in the OVERALL MATOC PROPOSAL VOLUME
- Technical Proposal shall be submitted as VOLUME III and VOLUME III is the TASK ORDER proposal section

If we need to follow what is mentioned above, shall we submit the proposal?

as:

- Volume I: Price
- Volume II: Technical (Sub-factor A and Sub-factor B)
- Volume III:
 - Price Proposal (Separate Section under the name of Volume I)
 - Technical Proposal (Separate Section under the name of Volume III)

Answer:

- **Volume I is Price - The Task Order Pricing will be use in the MATOC and subsequent Task Order evaluation. The task order pricing is submitted in Volume I.**
- **Volume II is ALL THE MATOC technical information, Factors 1, 2, and 3 in response to the MATOC Sections 00110 and 00120.**

Volume III is all the Task Order technical information, Factors 1, 2, and 3 in response to Task Order Sections 00110 and 00120. The technical requirements of the MATOC section and the Task Order sections are different. Make sure you respond to each as required.
